

SUSTAINABILITY

P Series:

All aluminium components are made of 75 % recycled material¹

- No need for compromise: It is just as high-quality and robust as any other material used by Ledlenser, but even better for the planet

Types of aluminum used

- Housing: AL6061
- Heatsink: AL Casting Alloy

1: All aluminium components are made of at least 75 % recycled aluminium and may thus vary in surface structure and color.
